# SCANDINAVIAN *Touch*

*Scandinavian Touch is a high quality modular sofa adoptable for your needs.*

*Inspired by good Scandinavian design we have made your next sofa both*

*beautiful and very comfortable. It is a good and safe sofa choice.*

*Scandinavian Touch is developed together with renowned Norwegian*

*furniture designer Olav Eldøy.*

**H O V D E N**  
OF NORWAY 1945

Scandinavian Touch has a nice design, is great to sit in and will withstand long-term use. To verify your sofa purchase we have made some choices for you. The construction is solidly handcrafted and with measures that are ergonomically optimized. Body and frames are constructed of solid wood and plywood. We have used generous thickness in the high resilient foam of seat cushions. Back cushions have a core of high resilient foam and are swept with fiber for a rounded and soft comfort. Both seat- and back cushions are reversable and have removable covers.

**We invite you to make the choices that makes your sofa unique and special:**

First you choose which size and setup that suit your needs.

Then, choose armrest design, leg type, fabric and color.

Create the perfect sofa for yourself.

We guarantee you a quality sofa in good Scandinavian design.

*Scandinavian Touch 3-seater with open corner.  
Frost armrest and squared whiteoiled legs.*

# SCANDINAVIAN *Touch*

*A high quality sofasystem in Scandinavian design with careful attention to details. The construction is solidly handcrafted and with measures that are ergonomically optimized. A very nice sofa produced according to the best of Norwegian handcraft traditions.*

## Armrest and leg choices

Armrests - on Light and Frost there is an additional option to place leg right under armrest.

Cape  
Width: 5 cm
