Make Small Rooms Bigger

Hovden Møbel is the largest specialized supplier of sofa beds in the Nordic region. For 75 years we have been making small rooms larger!

We aim to be a responsible company with controlled operations throughout our value chain. Sustainable material choices and customized production in our own factories contribute to minimizing our CO2 footprint.

Our sofa beds are still handcrafted, characterized by high quality, carefully selected materials, and our pride in details. Hovden sofa beds are safe and excellent purchases at reasonable prices. Each of our sofa beds is produced individually according to your choices of model, size, fabric, and color.

Whether it's an unexpected visit, a planned one – at the cabin, in the apartment, in the TV room, or in the dorm – occasionally or maybe every day, we have the sofa bed that perfectly fits your needs.

We want to assist you in choosing the right sofa bed tailored to your needs and preferences.

Sit comfortably ♥ Sleep well ♥

BED *inside*

The perfect sofa bed

BEDinside represents the best from Hovden Møbel. The seating comfort is as good as in a traditional sofa, and a BEDinside transforms into a comfortable bed with a simple movement without removing either seat or back cushions. The sleeping comfort is as good as it can be in a sofa bed – close to a full-fledged bed.

BEDinside is a modular building system with one of the market's best sofa bed mechanisms. The patented sofa bed mechanism features a robust steel construction and comes complete with a mattress of your choice. The mechanism is designed for frequent use and comes with a five-year warranty.

With five sizes of the sofa bed mechanism, nine different armrests, and a variety of modules to build around, you get the solution that suits you best – both day and night. Each BEDinside is individually produced by skilled craftsmen according to your choices of size, design, mattress, fabric, and color.

High-quality cold foam is used in the seat and back cushions, providing enduring comfort. All backrests are upholstered in the chosen fabric, making BEDinside a standout product exclusively made of solid wood and plywood, designed to last. Each BEDinside is tested and approved by our own quality controller before being packaged in recyclable material and shipped with specialized furniture transport.

1 Function

The patented sofa bed mechanism boasts a sturdy steel construction backed by a five-year warranty. Engineered for frequent use, the mechanism effortlessly opens and closes within seconds, ensuring the easiest operation for the best comfort.

2 Size

The BEDinside mechanism is available in five different sizes, featuring four types of mattresses in the following dimensions: 75x200cm, 116x200cm, 140x200cm, 160x200cm, 180x200cm.

5 Fabrics

Select your preferred textile and color from our extensive collection, which is exclusively comprised of high-quality fabrics. All textiles undergo rigorous laboratory testing for wear resistance, lightfastness, pilling, and flammability. Many of our fabrics are washable and Oeko-Tex certified, ensuring they are free from allergenic and carcinogenic dyes. Our textiles are compliant with the current standards set by Møbelfakta.

3 Design

Select from 9 different armrest designs, and optionally combine them with modules to build your BEDinside according to your specific needs. All sizes, designs, and modules can be combined as desired. Additionally, choose from six different leg options.

4 Mattresses

The BEDinside mattresses are all 200 cm in length and are available in five different widths. Each mattress has a height of 14 cm. The standard option is the Bonell spring mattress. As alternatives, you can choose from pocket spring, latex, or viscoelastic mattresses. For more details on mattress options, refer to page 23.

5 sizes of the bed,
4 different mattress types,
9 distinct designs,
3 standard setups.

Most people choose their BEDinside as a regular sofa bed, selecting the size and armrest design. Many upgrade the mattress. Some opt for BEDinside with modules, either as a chaise longue or corner setup. Often, these are complemented with our smart pallets, which serve storage and table functions. On the following pages, we showcase popular BEDinside furnishing solutions. Remember that you can assemble the exact solution that suits you. All sizes, designs, and modules can be combined. Refer to pages 20-25 for measurements and details.

BedINSIDE example: BEDinside 140. B: 186cm, D: 96cm, H: 85cm

Example: BEDinside 116 with Globe left armrest and Store right armrest. W: 178cm, D: 96cm, H: 85cm. Curved pallet with storage.

Store armlen har oppbevaring av sengetøy.

Example: BEDinside Rainbow 116, chaise longue setup on the right.
W: 237cm, D: 96/173cm, H: 85cm. BEDinside neck pillow.

Select your preference for the chaise longue placement, whether on the right or left side.

Convenient and spacious storage of bed linens in the chaise longue.

Example: BEDinside Ambassador L-setup 140 on the right.
W: 280x211cm, D: 96cm, H: 85cm.

Convenient and roomy bed linen storage in the L-module.

Select whether you prefer the L-module on the right or left side.

BED *inside*

Practical storage solution for bed linens.
Choose between a 1-seater and a 2-seater option.

Example: BEDinside Scandinavia corner setup 140 and 2-seater with storage. W: 276x251cm, D: 96cm, H: 85cm.

Storage

Bedding Storage Solutions: Wondering where to stow your bedding? BEDinside provides practical storage options. Modules without mechanisms offer storage functions, including 1-seater, 2-seater, chaise longue, and L-module. All pallets in the BEDinside system feature built-in storage. The 'Store' armrest design also includes storage. Remember to remove pillows and duvets before transforming BEDinside from bed to sofa, but sheets can stay on the mattress.

Choose Layout

You have the flexibility to combine and assemble all BEDinside modules as you desire. The following are three of our most popular alternatives, but feel free to build the solution that best suits your needs.

Chaise longue

The BEDinside chaise longue setup offers additional seating and sleeping options. The chaise longue can be connected to a preferred bed size and provides generous storage space. With all seats facing forward, this chaise longue solution is particularly popular as a TV sofa.

L-Setup

Connect the L-module to the corner module and a bed size of your choice, and you'll have a generous sofa with ample seating. Popular for living rooms and cabins, it also provides storage space for bedding.

Classic Corner

In this example, there's a sofa bed with a 140x200 mattress, a corner module, and a 2-seater with storage. Enjoy comfortable seating, a spacious bed for two, and extra storage!

Mattress options

Tips

- If the sofa bed is used infrequently, you should leave it extended from time to time.
- Avoid closing the mechanism with something left on top

Bonell

The Bonell mattress is BEDinside's standard mattress and is included without an additional cost. The mattress features a continuous spring system in tempered steel and is relatively soft, recommended for those who primarily use BEDinside as a sofa and occasionally as a bed for guests.

Pocket

The pocket spring mattress is an optional upgrade, featuring a design with many hundreds of individually sewn coil springs, each encased in its fabric pocket. This mattress boasts a denser arrangement of springs compared to the Bonell mattress. Not only does it provide excellent support, but it also offers effective pressure relief, conforming to the body's contours. Ideal for frequent use, this mattress strikes a balance between comfort and durability, making it a medium-firm choice.

Latex

The latex mattress is an optional choice, featuring a cold foam core topped with pure latex. This high-quality mattress is suitable for frequent use and accommodates most individuals, offering a medium to firm level of comfort.

Viscoelastic

The viscoelastic foam mattress is an optional choice, comprising cold foam topped with viscoelastic foam (highly elastic) that molds around the body. Lesser-known but often preferred, it provides a medium to firm level of comfort.

Mattress protector

Thin quilted mattress topper made of 100% polyester. Protects the mattress and evens out the surface. Washable at 30 degrees. Available in various sizes.

Module overview

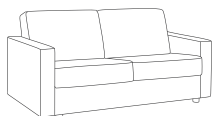

All modules can be combined and arranged as you like. Common to all modules are a height of 85cm, depth of 96cm, and seat height of 46cm. **When calculating dimensions, you must add the width of the selected armrests.**

my SOFABED

mySOFABED™ provides a budget-friendly alternative to BEDinside. While the mechanism is simplified, it operates effectively and is manufactured by Lampolet in Italy, the same producer as BEDinside. The seat and back cushions offer a softer and more yielding feel, prioritizing comfort over strict shape retention. You have options of 3 different sizes and a choice between a bonnell or pocket spring mattress. The same high-quality bonnell and pocket spring mattresses found in BEDinside are utilized. Additionally, you can select from 3 distinct armrest designs, and there are furnishing alternatives available, including a chaise longue or a corner with an open end.

my SOFABED

Compact

Compact" is the preferred choice when you want the most sofa bed in the least space. Shown here as Compact 75.

Scandic

The Scandic armrests feature rounded designs, creating a modern and Nordic aesthetic that complements the curved forms of the seat and back cushions. This is shown in the Scandic 140 configuration.

Saga

The Saga model stands out as our bestseller, offering a timeless and dependable choice. The straightforward, right-angled armrests make it easy to complement with other furnishings, as demonstrated in the Saga 160 configuration.

mySOFABED into a bed is effortlessly smooth, eliminating the need to remove any seat or back cushions. It couldn't be simpler! You have the option to select either the standard Bonell spring mattress or, for an added cost, the pocket spring mattress. Both mattresses are 14 cm high and 200 cm long, and the choice of width is yours!

You can seamlessly combine a chaise longue and an open-ended corner with bed options in widths of 140 and 160. Enjoy the added convenience of storage space in the chaise longue, ottoman, and open-ended corner.

Pocket

The optional pocket spring mattress is composed of numerous individual coil springs, each meticulously encased in its fabric pocket. In comparison to a Bonell mattress, the springs in this mattress are spaced more closely together. This design offers excellent support and pressure relief, conforming to the body's contours and weight. The mattress is well-suited for regular use and has a medium level of firmness.

SUPREME

– when only the best is good enough

Supreme combines the good functionality of BEDinside and mySOFABED with an unrivaled 18 cm high pocket spring mattress. Add down filling to seat and back cushions, and then you have SUPREME - a sofa bed as good as possible. SUPREME comes with two armrest options, of which "Storage" has plenty of space for storing bed linen.

Supreme Standard

Down filling in seat and back cushions

Supreme is designed for those who want the best possible sleeping comfort. Unbeatable 18 cm high pocket spring mattress. Converts to a bed in one movement without removing the back and seat cushions.

Supreme is shown here with Standard armrests.

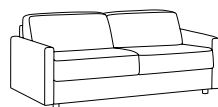

- 18 cm high Pocket mattress
- Very good sitting comfort
- Very good lying comfort

More day than night

Paris and Epic are specially designed for those who intend to primarily use the sofa bed as a sofa but also have expectations for the guest bed's comfort. They incorporate a sturdy mechanism complemented by a comfortable 12 cm high bonell spring mattress. Before converting the sofa into a bed, it is necessary to remove back and seat cushions. Paris and Epic are available as standard sofa beds in various sizes and also can be configured as chaise longue setups.

Paris 140 with chaise longue

Paris

Good sofa with good guest bed

Paris uses a similar mechanism to Epic, offering versatility in multiple size options. They both provide excellent sitting comfort, thanks to the foam-filled seat and back cushions. Paris ensures a satisfactory sleeping with a 12 cm high bonell spring mattress. It is particularly well-suited for individuals primarily using the sofa bed as a sofa. Paris boasts an exceptional chaise longue with a storage function. When transforming it into a bed, it is necessary to remove back and seat cushions. Comes with oak legs in the following color options: white-oiled, gray-oiled, natural-oiled, smoked-oiled, or matte black lacquer.

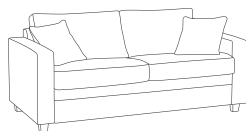

- Relatively good sleeping comfort (soft)

Epic

Down in seat and back cushions for comfort sitting

Epic er en vakker sovesofa med svært god sittekomfort. Anvendt mekanisme tillater en god ergonomi og denne sovesofaens proporsjoner er nært opptil gode vanlige sofa. Sovekomforten er relativ god med en anvendt 12 cm høy bonellfjærmadrass, men Epic er nok best egnet for deg som skal bruke sovesofaen mest som sofa. Flott sjeselong med oppbevaringsfunksjon. Sete- og ryggputer tas bort før omgjøring til seng.

- Relatively comfortable sleeping (soft)
- Good sitting comfort
- Choice of size
- Choice of legs

Leveres med eikeben i følgende fargevalg: hvitoljet, gråoljet, oljet, oljet smoked eller sort matt lakk.

High-quality sofas with extra sleeping space

Our practical 3-seater sofa beds offer a multitude of excellent features. They are tremendously popular, and we take pride in offering this great solution in three different quality levels. The 3-seater sofa bed has several advantages. You get plenty of comfortable seating, it comes with storage space for bedding, and each one includes two top mattresses. You have the option to set up either two single beds or one double bed. The lengthwise design makes it ideal for narrow spaces.

Siena 3-seater

Siena

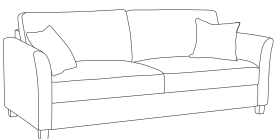

Pocket spring mattress in both beds, seat and back cushions have a feather top

Siena features pocket springs in the seating area and the lower bed. There is a feather top in the seat and back cushions. The seating comfort is excellent. A commendable sofa bed with high-quality and functional design.

BEDinBOX

Wall beds are gaining popularity. They are a practical and space-saving solution. BEDinBOX mechanism is equivalent to the one we use in BEDinside. It's very sturdy and easy to operate. The standard mattress is 14 cm high with Bonell springs, but it can be upgraded to pocket springs as an option. The cabinet provides storage space for bedding. The mechanism is on wheels, and the cabinet is rotated before converting it into a bed.

A safe and wise purchase

For over 75 years, Hovden Møbel has been delivering furniture to Norwegian homes. Our sofas are still handcrafted, characterized by excellent quality, carefully selected materials, and attention to detail.

We blend modern design with established tradition and insist that our furniture is a safe and wise purchase at reasonable prices. Our furniture is crafted by skilled artisans in Plunge, north-western Lithuania. The work is carried out in our fully-owned factory, ensuring good working conditions, fair terms, and an environmentally friendly production process.

All our furniture is custom-made according to the customer's choice of model, fabric, wood, and color. Fabrics are cut and leather is trimmed. Covers are sewn to precise templates. Frames made of solid wood are assembled and spring-tied. High-quality foam is cut and bonded with water-based adhesives. It's padded and assembled by hand. Each piece of furniture is approved by our own quality controller before it's packaged in recyclable materials and sent to our retail locations through specialized furniture transport.
